

Let's Be Sustainable

It is our responsibility to preserve nature, prevent climate change and share the growth with our local community

THINGS WE DO FOR THE:

ENVIRONMENT

- Recycle plastic, cans, paper & glass
- Reduce our organic waste and compost it
- Use natural fertilizer for our gardens
- Treat the water in our swimming pools with Ozone

COMMUNITY

- Buy over 90% of our food and beverage locally
- Support associations committed to the fight against poverty and school dropout
- Support local sports & cultural associations
- Ban of use or sell all kind of Counterfeiting
- Weekly exhibition of local artisans

WORKFORCE

- Ensure safety and health by providing the appropriate equipment
- Protect of racial, gender or religious discrimination at work or in hiring
- Setting up a zero rate loan for urgent use
- Yearly bonuses for educational assistance

NATURAL RESOURCES

- Heat swimming pool water with solar panels
- Automatic watering of the gardens
- Exclusive use of energy saving light
- Brackish water treatment provided with solar panels
